

To whom it may concern:

We own an 80 year old four-square home that we have lived in since 1986. As we plan to remain here for many years, we have undertaken a number of projects to make sure that our home remains in good condition and architecturally correct.

One of our projects was to install a new roof. Having worked with Hammond Lumber on other parts of our home, they recommended K&K Roofing, run by brothers Ken and Kevin Tibbetts. Although K&K Roofing is new to the business, we were impressed with the detailed explanation that they gave us about the work required, satisfied with the price they offered and reassured by their experience working for other roofers.

As the homeowners, we kept a watchful eye on the installation of our new roof. Ken and Kevin answered any questions we had and took pride in showing us their work. Several sections of our roof had rot, which they repaired to our full satisfaction. They applied ice & water shield and underlayment, vented our previously unvented roof and professionally installed the CertainTeed architectural shingles. Our home is rather complex, with a hip roof, 2 dormers and 2 bay windows. The garage is similar.

Ken and Kevin kept their materials and tools well organized and our property neat. Raking the nails from our front yard, they even cleaned up a considerable pile of acorns. We were also pleased with the minimal blemishes that occurred during the removal of the old roofing, as we had just undergone an expensive paint job. K&K Roofing finished the job in the prescribed time, for the price agreed to and we are pleased to provide them with this unsolicited recommendation.

Mr. Ken Tibbetts
K & K Roofing

Dear Ken;

Please accept our most sincere thanks for the \$50.00 that you donated to our Food Pantry in the name of Patty's Flowers in Buxton.

We serve over seventy families each month about 5000 pounds of food. The cost would be great if it were not for the donations from groups, organizations, and businesses like yours.

On behalf of all who receive this food, we say thank you very much!

Sincerely,
Ron Sargent
